

Instructions for Using the Biotronics3D Health Portal

This guide is intended for patients who wish to access, download, or share their radiological images through the Biotronics3D health portal. Please follow the steps below:

1. How to log In to the Biotronics3D Health Portal

1. To log in to the portal, please use the link sent by email from the sender: **Health Portal** (b3d_noreply00@biotronics3d.com).
2. After clicking the link in the e-mail, select the language (English will be set as the default language automatically).
3. Enter the code from the document provided to you by a HILA employee.
4. Create a password.
5. Repeat the password.
6. Tick the checkboxes to confirm your consents.
7. Click the **“Verify”** button.

Set Up Your Account

3

Access Code

Your six-character access code was provided by the clinic, either via SMS or via a welcome letter.

4

New Password

Must have at least 8 characters (alpha-numeric) with at least one capital letter, and not be a common password. You will use this new password to sign in after validating your Access Code.

5

Confirm Password

6

☐ I have read and accepted the terms and conditions ([Terms and Conditions](#))

☐ I consent to Biotronics3D accessing and processing my medical data in order to make it available to me on the Health Portal

7

2. Available actions after logging in to the Health Portal

Once logged into the portal, you can:

1. To view examination images, click the **"Images"** button;
2. To download examination images, click the **"Get Images"** button;
3. To share examination images, click the **"Share"** button.

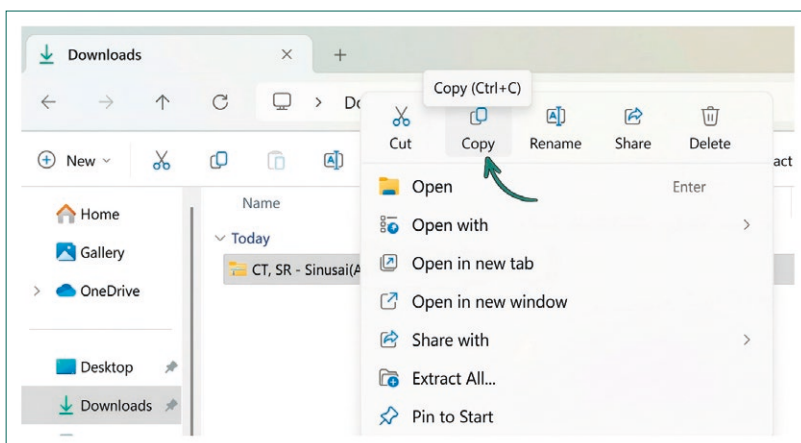

3. How to send radiological examination images to a doctor

1. Enter the doctor's first name and last name.
2. Enter the doctor's e-mail address.
3. Enter a free-text message for the doctor.
4. Select the number of days the doctor will be able to view the examination.
5. Create a strong PIN code and enter it in the specified field (this PIN code must be communicated to the person to whom the examination images are being sent).
6. Tick the checkbox to confirm your consent.
7. Click the **"Share"** button.

4. How to save radiological examination images to a USB drive

1. Enter the doctor's first name and last name.
2. Enter the doctor's e-mail address.
3. Enter a free-text message for the doctor.
4. Select the number of days the doctor will be able to view the examination.
5. Create a strong PIN code and enter it in the specified field (this PIN code must be communicated to the person to whom the examination images are being sent).
6. Tick the checkbox to confirm your consent.
7. Click the **"Share"** button.
