

Checklist: How to prepare for a mammography examination

Before a mammography examination, it is recommended to abstain from using deodorising products (talc, applied or spray deodorants), because these are visualised on mammography images and may imitate cancer-specific lesions, or microcalcifications.

Medical Diagnostics and Treatment Center

 V. Grybo St. 32A, 10318 Vilnius, Lietuva

 Registration +370 698 0000
